This is to inform the public that the Nuclear and Industrial Safety Agency (NISA) requested Tokyo Electric Power Co., Inc. (TEPCO) to take measures based on the required items directed from the Nuclear Safety Commission (NSC) dated on December 26, 2011, regarding appropriate future management of Fukushima Dai-ni Nuclear Power Station (NPS), Tokyo Electric Power Co., Inc. (TEPCO).

1. Regarding the declaration of cancelation of nuclear emergency situation of Fukushima Dai-ni NPS, NSC was requested to provide their opinions under the name of Prime Minister on December 22, 2011. Responding to the request, NSC submitted their opinion with the four required items (hereinafter referred to as “Required Items”) to the Prime Minister, stating that the cancelation of nuclear emergency situation of Fukushima Dai-ni NPS could be declared on December 26 (refer to appendix 1).

2. Responding to the opinions of NSC, NISA requested TEPCO to respond to the following (refer to appendix 2).
   - to pay appropriate attention to Required Items when preparing the recovery plan for the Fukushima Dai-ni NPS based on the nuclear operator emergency action plan which will be submitted to Ministry of Economy, Trade, and Industry.
   - to pay appropriate attention to Required Items when implementing the measures for recovery from nuclear emergency based on Article 27, paragraph 2 of the Act on Special Measures Concerning Nuclear Emergency Preparedness, and taking the necessary safety measures based on Article 35, paragraph 1 of the Nuclear Regulation Act.

3. NISA will strictly verify the implementation status of the recovery plan, measures for restoration from nuclear emergency, and necessary safety
measures which TEPCO will carry out.
