D. Cooperation and Information sharing with the International Community

1. Cooperation with International Organizations

2. Speedy Dissemination of Accurate Information

3. Press Release by International Organizations
1. Cooperation with the IAEA

1. Information Sharing
   (1) Japan has been providing facility-related and other relevant information to the IAEA.
   (2) Nuclear Industry Safety Agency (NISA) provided updates on situations of the Fukushima Dai-ichi Nuclear Power Station at the IAEA Technical Briefing (21st March) and at the side event of the Fifth Review Meeting of the Contract Parties to the Convention on Nuclear Safety (4th April).

2. IAEA Expert Missions
   (1) In connection with the incidents involving the nuclear power plants in Japan, the IAEA has, upon the request of the Government of Japan, extended assistance by dispatching a series of the IAEA experts mainly in the field of radiation monitoring. Such dispatch of experts includes:
      (a) Radiation Monitoring Teams, totaling up to 16 members who took measurements mainly in Fukushima from 18 March to 18 April;
      (b) One marine expert from the IAEA’s laboratory in Monaco, who boarded Research Vessel “MIRAI” during 2-4 April to observe and provide advice for Japanese experts on their method of collection and analysis of seawater samples; and
      (c) A Joint FAO/IAEA Food Safety Assessment Team, who met with local government officials, farmers etc. in Fukushima, Ibaraki, Tochigi and Gunma prefecture.
   (2) In addition, IAEA experts in BWR technology met with Japanese officials and operators including NISA and the Tokyo Electric Power Company (TEPCO) and visited the Fukushima Dai-ichi and Dai-ni Nuclear Power Plants on 6 April.

   Based upon the agreement between the Government of Japan and the IAEA, the IAEA has dispatched a fact-finding mission, comprising nearly 20 international and IAEA experts from a dozen countries, to Japan between 24 May and 2 June 2011.
2. Speedy Dissemination of Accurate Information

• Japan is committed to the speedy dissemination of accurate information.
• All necessary information can be found at the following websites.

Japan’s Countermeasures

Measurement of Radioactivity Level

Drinking Water Safety

Food Safety

Ports and Airports Safety

Tourism
